## WARRANTY

Atom products are distributed in Australia by Evolt Pty Limited ('us', 'our', or 'we'). Our contact information is shown on this catalogue.

As a responsible supplier, our goods come with guarantees that are covered under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

In addition to your guarantees under the Australian Consumer Law, our goods also come with a contractual warranty, which is described below. This warranty is additional to your rights under the Australian Consumer Law (and any other rights or remedies you may have under a law in relation to the products) and is not intended to modify or exclude those rights.

Subject to the terms of this contractual warranty, if your Atom products are defective, we will (at our election) repair or replace the Atom products. Once we make this election (and take the relevant action), we will have honored our obligations under this contractual warranty.

Our total liability under this warranty is limited to the cost of repair or replacement of the defective product (at our election). We otherwise exclude all liability in relation to the product to the fullest extent permitted by law (noting our comments above regarding the Australian Consumer Law and any other rights or remedies you may have).

If you wish to claim under this warranty, you must, at your own expense, return the product or that part of the product which you believe is defective, together with proof of original purchase, your name, address and telephone number and a certificate of installation (or other document required by the law for the installation of electrical products in the place in which the product was installed) to Evolt at the address set out on this catalogue, within the warranty period. You bear all costs associated with claiming under this warranty (including, but not limited to, postage costs).

Without limiting the preceding sentence, this warranty does not apply to the costs of the removal or re-installation of the defective product.

The warranty period for this product is three years from the date of purchase. This warranty is not transferable and is only given to the original purchaser of the product, provided the purchaser has purchased the product from us. Proof of purchase must be provided to us with any warranty claim. We recommend that you attach your proof of purchase to your product manual.

This warranty does not apply to consumable items within your product (including, but not limited to, lamps or batteries). This warranty does not apply to products that have been improperly stored, installed, or used. This warranty does not apply to products that have not been maintained in accordance with the instructions contained within this product manual.

This warranty does not apply to loss or damage caused by wear and tear, misuse, incorrect installation or operation, failure to clean and maintain, incorrect voltage or non-authorized electrical connections, adverse external conditions (such as power surges and dips, acts of God, exposure to heat, corrosion, insect or vermin infestation), use of non-authorized or defective parts or globes, or to items that have been repaired than by a person other than us or a repairer approved by us.

## TITLE AND RISK

Evolt supplies Goods on condition that, property in the Goods does not pass to the Buyer until they have been paid in full and Evolt has been paid for all other moneys then owing to Evolt by the Buyer.

notwithstanding paragraph 11.1, the Goods are at the risk of the Buyer as soon as they have been delivered to or into the custody of the Buyer or the Buyer's agent.

until property in the Goods passes to the Buyer under paragraph 11.1, the Goods are merely entrusted to the Buyer as fiduciary and Evolt remains the legal and beneficial owner of the Goods with full power to re-sell and regain possession of them if the Buyer defaults in payment of the purchase price.

if the Buyer defaults in payment of the purchase price or if the Buyer becomes insolvent, Evolt and/or its authorised agents may at any time without notice to the Buyer enter onto the Buyer's premises and any other premises at which the Goods are situated including but not limited to the Buyers premises or the End Users Premises for the purpose of recovering possession of them. The Buyer agrees to indemnify the Seller against all costs, losses and expenses (including without limitation legal costs) incurred by the Seller as a result of or in connection with any default or breach of these Terms and Conditions of Sale by the Buyer.

if the Buyer receives any proceeds from the sale of the Goods from any other party, the Buyer receives those proceeds on trust for Evolt to be applied in payment of the purchase price for the Goods and shall remit such sum forthwith to Evolt. All such payments received by Evolt shall be allocated to the oldest account due for payment.

## CONFLICT WITH BUYER'S TERMS

If any purchase order or other trading terms of the Buyer conflict with or are inconsistent with any of Evolt's terms and conditions of sale, then Evolt's terms and conditions of sale as amended from time to time prevail and will apply notwithstanding any conflicting or inconsistent terms of the Buyer. The Buyer acknowledges that the sale by Evolt of any Goods will not constitute acceptance of any conditions of purchase of the Buyer which conflict or are inconsistent with any of Evolt's terms and conditions of sale, even where Evolt acknowledges the Buyer's conditions prior to, upon or by delivery of Goods.

## NON-WAIVER

A waiver by Evolt with respect to any breach or default by the Buyer shall not constitute a continuing waiver of any other breach or default or of any other right or remedy. A failure or delay by Evolt in exercising a right or remedy does not operate as a waiver of that right or remedy

## VARIATION

A variation of these Terms and Conditions of Sale shall be ineffective unless it is in writing and signed by Evolt.
