CEILING FANS

Over the years, the EGLO group has evolved into one of the leading manufacturers of decorative lighting, and today is one of the key lighting suppliers to the global market. A strong focus on exceptional quality, attention to detail, and on-trend design, has helped EGLO become one of the most trusted brands in lighting around the world.

We now bring all of our global and local experience to focus on producing creative, contemporary, and high performance ceiling fans, that will blend effortlessly with your home. Incorporating the latest energy efficient technology and seamless control options, you can be sure your new EGLO fan will integrate to suit your lifestyle.

Suits Bondi

QUICK CONNECT

For a safe and secure connections, this EGLO ceiling fan remote control is fitted with EGLO's quick connect terminals, making installation a breeze.

WALL HOLDER INCLUDED

Never lose your remote control again - includes a convenient cradle to mount your remote control on the wall, providing a safe place to store your remote control.

TIMER FUNCTION

EGLO Bondi remote controls include a convenient timer function to automatically turn your fan off after 2, 4, or 8 hours. Great for nighttime use, allowing you to control when your EGLO ceiling fan switches off.

Sensor

DETECT ME 5

Automatic illumination. This Photo-electric lighting controller is used for controlling lighting systems for building fronts and automatically switches light 'ON' at dusk automatically 'OFF' again at dawn. Of course, the light-level threshold at which the sensor responds and turns the light 'ON' is defined by no other than you yourself.

43046 HORNWOOD
wall luminaire; steel, black, creme / wood

Ø 170

230, B 230, H 1400, Base: Ø 230

DIMENSIONS

all dimensions in mm

- L = length
- B = width
- H = height
- Ø = diameter
- A = projection length
- ET = installation depth
- Base = base dimensions

Attention! The dimensions relate solely to the sizes of the luminaire. Any air spaces that would be relevant for a safe operating of the lamp were not considered.

PICTOGRAMMES

Technical details are represented as pictogrammes. An overview over all pictograms can be found on the following pages.

SKETCHES

The sketches state the most meaningful dimensions. If a product is adjustable by will, a turquoise arrow marks this function and only the maximum dimensions are indicated.

SKETCHES

This symbol indicates luminaires with a sensor. In addition the Detection angle, Reach, Time setting (min./max.) and Response brightness (lx) is indicated.

PRODUCT IN THE AMBIENT

You can find the article number next to each product in the ambient pictures.

LIGHTING FAMILIES | 53

SPARE PARTS

If spare parts for product are available they are marked on the photograph with their corresponding article number.

LIGHT COLOUR & LUMEN

The colours of the LED are represented as pictogrammes (see below), their luminous flux directly beneath. The luminous flux is quoted in lumen and describes the amount of light generated by the LED. The higher the value, the brighter the lamp. Lumens are the light measurement value in bulbs and LED boards.

 RGB	 RGB + neutralwhite	 cool white
 RGB + white	 RGB + tunabel white	 neutral white
 RGB + warmwhite	 tunable white	 tri-colour white
 RGB + coldwhite	 warm white	

SWITCHES & SENSORS

 incl. cable & plug	 pedal switch	 swedish plug
 internal dimmer	 cable switch	 "Touch me" ON/OFF
 button switch	 incl. cable & plug transformer	 "Touch me" ON/OFF & dimm
 function switch	 remote control	 pull switch
 rocker switch	 Day & Night Sensor	 Timer - automatic on/off
 pedal dimmer	 sensor	

FUNCTIONS & COMFORT

 incl. battery	 cutout (in mm)	 able to be shortened
 incl. battery	 dimmmable	 Voltage
 battery specifications	 not dimmmable	 Watt
 beam angle	 replaceable LED	
 corner mount possible	 loadable in kg	
 Colour Rendering Index	 packaging / delivery unit	

PROTECTION CLASS

The protection class indicates to what extent the lamp is protected against electric shock. All lamps in this catalogue are at least protected with the protection class 1 - a higher class is specified in the information box of the respective lamp.

 protection class 1: protective earthing	 protection class 2: protective insulation	 protection class 3: protective low voltage
--	---	--

PROTECTION RATING

The protection rating ensures the operational safety of luminaires. The first number specifies the extent of the protection against the ingress of foreign bodies; the second number identifies the humidity protection grade. All luminaires in this catalogue are at least protected with the rating IP20 – a higher rating is specified in the information box of the luminaire.

 IP33	 IP44	 IP54	 IP65	 IP67

MEMO

A large grid of graph paper for writing a memo. The grid consists of 20 columns and 30 rows of small squares, providing a structured space for notes and calculations.

All previous catalogues and price lists are no longer valid with the issue of this catalogue. Errors, misprints, model and price changes and technical modifications are reserved. We deliver based on our terms of delivery and payment. Products with additional safety remarks (e.g. protection class, IP) are identified within the product family with the relevant symbol and number. The content of this catalogue is protected under copyright law for EGLO Leuchten GmbH. All rights reserved. Our specific written consent must be obtained before using any illustrations and texts. The pictures are 4C prints and may differ from the original.

The product pictures and ambiances in this catalogue can deviate from reality, and they do not necessarily concur with the usual application of the product. EGLO does not assume liability for the correctness, completeness or the application depiction of the products and/or the product information.
